Bel Air Growth Partners sponsors private equity transactions for well-positioned lower middle market companies.

Our people pursue a growth mindset reinforced with decades of relevant experience and capital stewardship. This know-how paired with depth of resources assists owners in achieving liquidity objectives, and positions companies for lasting success.

We partner with owners, managers and advisors to advance companies to thrive.

Founding and operating a company is ambitious. Selling a company is equally arduous. Ally yourself with those you trust and appreciate.

Bel Air's well-earned reputation stems from our approach, passion and enjoyment.
